Package: BiocWorkshopSubmit (via r-universe)

August 27, 2024

Type Package

Title Provides a shiny app for workshop submissions

Version 0.99.14

Description The package provides a form interface for submitting
workshops via a shiny app. It requires a GitHub organization
token for creating a comment on the
Bioconductor/workshop-contributions repository. The package
creates an issue and comments with the appropriate data from
the form.
